Dear Bill,

We wanted to take a few minutes to thank your for all of your efforts over the past two years meeting our critical construction requirements.

It has been a pleasure working with you, as you have always acted with the utmost respect and professionalism. Your exceptional knowledge, quiet temperament, and a positive can do attitude was instrumental in managing and completing both projects on time.

We asked for the impossible with the Star Center Construction and you delivered without hesitation. You continued with Exemplary work on our Corporate Executive Area and Board Room at the Carillon Center.

It has been and will always be a pleasure to work with you. You are an exceptional representative of your company Solutions, Inc. and they should be proud of your efforts.

Sincerely,
